

WELCOME TO OUR CELEBRATION

Welcome to our historic village and its treasure trove of art and artists. And thank you for joining us on our driving tour of some of the most unusual art studios in the Washington area. We work in historic buildings, rustic houses, old barns, sheds, large contemporary homes, even a classic loft.

Our objective is to share our experiences with you, show you the spaces where we work and demonstrate the creative process. The tour is fun and family oriented—and it's free. Simply use this flyer to select the artists you'd like to meet, then drive to their studios, using our map as a guide. Directional road signs near each studio will also help you navigate.

Our tour has become one of the most unique art events in the metro area. We're delighted you are a part of it.
